QUALITY DESIGN

P

Design

We are continuously collaborating with world class designers from around the world to understand the upcoming trends in finishes, style and function to bring you the best of decorative handles. Our designs are meant to provoke the senses to give thought to the beautifulness of nature in which you will find yourself in. Our inspiration is life itself. We aim to capture the essence of a moment and bring that into our designs. We hope that as you view our designs you will feel the moment that will capture you!

Quality

Highly crafted in a state of art manufacturing facility with strict measures for quality assurance, we stand behind our product quality without limitations. We are proud of our achievements with respect to our Quality Control Systems implemented in various stages in production. Our finishes are second to none in the world with protective coatings and technical production enhancements that reduce harmful environmental risks.
